INTRODUCTORY OBSERVATIONS.

THE great healing power of herbs has been recognised by all races of mankind since the earliest periods of the world's history.

The ancient physicians of all countries administered herbs to their patients, and with such marvellous success that the cures were often ascribed to magic. The physicians themselves seem, in many cases, to have taken this view, as they often accompanied their prescriptions with mystic signs and mysterious incantations. In the light of twentieth-century education, the signs and incantations of the ancients have lost their charm, but the real agents of their wonderful success in healing the sick are still in our hands. The herbs of the fields and mountains are as powerful in curing disease to-day as they were hundreds of years ago, when mankind neither sought nor required any other medicine; when women and men excelled in bodily strength, and were blessed with length of days; when their bones were firm and their teeth were sound to a good old age, as evidenced by their remains till this day.

The Botanic System of Medicine, on account of its safety and simplicity, is particularly suitable for domestic or home treatment. Every father or mother should have some knowledge of herbs, and a little study of the subject will well repay them for the trouble. Our little book, **"The Botanic Treatment of Disease,"** price sixpence, contains all that is necessary for home treatment in simple cases, and is a good introduction to the larger works on the subject.

We take this opportunity of again thanking our customers, not only for their steady patronage and support, but also for the cordial manner in which they have joined us in spreading a knowledge of Medical Botany

We shall always continue to appreciate their assistance in this respect, knowing that a recommendation from one who has found a cure in the Botanic System of Medicine—perhaps after many failures under other treatment—must have more weight than anything we could say in its favour.

We would here take the opportunity of observing, however, that there are complicated diseases which no one medicine can be adapted to, but which require a suitable mixture. Such cases coming under our care shall have our best skill and attention.

Experienced advice will be given free on all forms of disease, daily except Sundays, from 10 a.m. till 2 p.m. and 4 p.m. till 7 p.m., at the Botanic Medical Hall, 55 Queen Street, Glasgow. Sufferers from chronic complaints that are regarded as incurable are strongly advised to give the herbal system a trial. Many chronic sufferers bless the day that they were introduced to the herbal methods.

All enquiries by letter, enclosing a stamped directed envelope for reply, will be promptly attended to if addressed to—

LIST OF HERBS OR SIMPLES.

Used in Modern Botanic Practice, with Properties and Uses Explained.

DIRECTIONS.

ANY of the following Herbs may be used in the powdered state or whole. To prepare a single dose of the **powder**—Mix one tea-spoonful with the same quantity of sugar in a tea-cupful of boiling water; stir it well, cover, and let it stand for one hour, when the sediment will have settled at the bottom of the cup, then drink off the clear infusion. When the medicine is to be continued over a period, it may be prepared as follows—Put a table-spoonful of the powder with an equal quantity of sugar in a pint jug, fill it with boiling water; stir it up well, cover, and let it stand for one hour. **Dose**—Half a tea-cupful three times a day.

For children under one year, a dessert-spoonful every three or four hours, or as required; over seven years, half a wineglassful; over fourteen, a wineglassful; and over twenty, the full adult dose. If any Herb is to be taken in smaller doses, the dose will be stated in each case.

To prepare the crude material—Put two ounces of the Herb, Root or Bark into a pan with three pints of water, and simmer it gently down to two pints; strain, and sweeten if preferred. **Dose**—From a wineglassful to a tea-cupful two or three times a day.

Compound Packets of Medicinal Herbs.

Economical in price, powerful in action, and easily prepared.

STOMACH OR INDIGESTION HERBS.—A weak stomach is the commonest complaint of town life. Want of open air exercise and improper food are the chief causes. These herbs will keep the stomach right, and if the cause is removed they will cure completely. **Packets, with directions, 1/- each.**

LIVER HERBS.—If you have a sluggish liver, with all its depressing results, this is what you require to make life worth living. It will make you feel better and look better. **Packets, with directions, 1/- each.**

KIDNEY HERBS.—If you suspect your kidneys, take this medicine, which is the best combination known for kidney complaint. **Packets, with directions, 1/- each.**

RHEUMATIC HERBS.—Pains and aches should not be neglected in young or old. Drink these herbs till they leave you. **Packets, with directions, 1/- each.**

COLD AND INFLUENZA HERBS.—If these herbs are taken freely at the beginning of an attack they will cut it short and prevent the evil results which so often follow. **Packets, with directions, 1/- each.**

COUGH HERBS.—After cold or influenza where the chest has suffered these herbs will soothe and heal the irritated membranes, and prevent the evil results that might follow. **Packets, with directions, 1/- each.**

CONSTIPATION HERBS.—These herbs have a mild but efficient action on the bowels, and will be found excellent in chronic constipation. **Packets, with directions, 1/- each.**

PILE HERBS.—Those who are subject to attacks of piles should drink the pile herbs when they feel out of sorts, as they put the circulation right as well as removing the complaint. **Packets, with directions, 1/- each.**

TONIC HERBS.—This is a strong tonic for strengthening the whole system. When the system is run down from overwork, or after an attack of illness like influenza, etc., a course of the tonic herbs will restore the natural vigour. **Packets, with directions, 1/- each.**

NERVE HERBS.—For nervous people this is a splendid medicine. It contains no narcotic and can be taken for any length of time. It strengthens and soothes the nerves, removes nervous headaches, neuralgia, sleeplessness, and excitability. **Packets, with directions, 1/- each.**

SARSAPARILLA COMPOUND PACKETS.—This is generally accepted as the proper spring and autumn medicine. It is equally good at all other seasons when the blood is out of order. It purifies the blood and increases the healing activities of the system. Under its use wounds heal, eruptions disappear, and a new lease of life and health is imparted to the whole system. **Packets, with directions, 1/- each.**

POWDERS.

To prepare a single dose of the Powder—Mix one tea-spoonful with the same quantity of sugar in a tea-cupful of boiling water; stir it well, cover, and let it stand for one hour when the sediment will have settled at the bottom of the cup, then drink off the clear infusion. When the medicine is to be continued over a period, it may be prepared as follows—Put a table-spoonful of the powder with an equal quantity of sugar in a pint jug, fill it with boiling water; stir it up well, cover, and let it stand for an hour. Dose.—Half a tea-cupful three times a day.

For children under one year, a dessert-spoonful every three or four hours, or as required; over seven years, half a wineglassful; over fourteen, a wineglassful; and over twenty, the full adult dose.

Milk or Cream added to the infusion in many instances renders it more agreeable.

COMPOSITION POWDER.—There is no combination more universally employed or more generally useful in the botanic system of treatment than this powder. It is remarkable for its efficacy in obtaining an equilibrium in the circulation and warmth of the body, hence its universal applicability. Its uses are so various that one can never go wrong in taking it. A dose after exposure or fatigue is a splendid restorative, and in cold weather especially it should always be at hand. **6d. per oz., 1/9 per qr. lb.**

STOMACH BITTERS POWDER.—A strong aromatic bitter. It quickens all the digestive processes and creates a good appetite; almost as essential as food itself to a large proportion of the community. **9d. per oz.**

SPICED STOMACH BITTERS.—Possessing the same properties as the above, but particularly designed for females and others of a delicate constitution. **9d. per oz.**

LAXATIVE STOMACH BITTERS.—This is a very useful combination, moving the bowels gently and regularly, and at the same time hastening all the digestive processes. **9d. per oz.**

LIVER POWDER.—A well tested mixture of the best liver herbs. It is not a purgative, yet natural evacuations follow its use It carries off bile and clears the complexion. **9d. per oz.**

NERVE POWDER.—This compound contains the most efficient herbs for acting on the nervous system. It is not a narcotic and is free from poison, and in most cases will do all that those narcotics can do without any of their ill effects. **9d. per oz.**

DIURETIC POWDER.—An invaluable compound where an increased action of the urinary organs is desired. It acts upon the kidneys, bladder, and urethra, and for over half a century it has held a high place in the estimation of our customers. **9d. per oz.**

CHEST POWDER (Thompson's Recipe).—This is a most efficient compound, being prepared from the strongest chest herbs, yet perfectly harmless. It may be used in the same way as the other powders, or made into a paste with honey, treacle or jelly **9d. per oz.**

PENNYROYAL COMPOUND POWDER.—A well-known and effectual preparation for promoting the monthly periods. In young persons approaching puberty it assists nature in establishing the change, and, being harmless, it can be freely given without fear of injury. **9d. per oz.**

WOMAN'S FRIEND.—This powder is a most excellent article for women at the change of life (between forty and fifty). The internal organs at this epoch require support, and the Woman's Friend has been designed to suit such cases. For over fifty years it has been used with the most satisfactory results. **9d. per oz.**

MOTHER'S FRIEND.—Like the foregoing, this powder has a long-standing reputation for mothers during pregnancy and nursing. It overcomes the tendency to the accidents that are so liable to occur during the pregnant state, and ensures a healthy circulation in the internal organs so necessary to the development of the offspring. **9d. per oz.**

COOLING POWDER.—For children and adults. It is a pure herbal combination, and is perfectly harmless. It causes gentle perspiration, moves the bowels, and cleans the tongue. **9d. per oz.**

BLOOD POWDER.—As a blood mixture it is unrivalled. It is a splendid substitute for mercury, arsenic, and iodide of potassium, without any of their ill effects. **9d. per oz.**

PURGE POWDER.—Has become well known to our friends as the most agreeable and effectual purge ever taken. It is painless in its action, does not produce the depression caused by strong purgatives generally, and is suitable for all occasions and all ages. **9d. per oz.**

BILE PURGE POWDER.—We believe this to be of all prescriptions the most powerful for acting upon the bile. One dose thoroughly empties the liver, stomach, and bowels, while small doses daily make a good liver stimulant. **9d. per oz.**

NEUTRALISING POWDER.—Where there is a young family this powder should always be at hand. It neutralises acid in the stomach and bowels, and removes it. It is almost impossible to prevent children at times from over-eating or eating unsuitable articles. On all such occasions neutralising powder is the proper thing to give. It will either open the bowels or bind them up as occasion requires; and on this account one cannot make a mistake in giving it on all occasions, at least till further advice is obtained should it be necessary. **1/- per oz.**

POULTICE POWDER.—This is the finest, safest, most soothing poultice yet discovered for all kinds of inflamed sores—from inflamed eyes to cancerous tumours. **3d. per oz.**

BOTANIC TOOTH POWDER.—The importance of cleansing the teeth is too frequently overlooked, and in other cases injurious articles are used for that purpose. This tooth powder has received the highest encomiums from parties who have had the opportunity of using it. It removes and prevents the accumulation of tartar, whitens the teeth, firms the gums, and leaves a sense of cleanness and freshness in the mouth which is distinctly pleasant. **Tins, 6d. and 1/-.**

DANDELION COFFEE.—When pure and properly prepared from the Leontodon Taraxacum, is a wholesome beverage suitable for common use, and more especially for those affected with habitual costiveness, biliousness, and indigestion. It is infused in the same way as common coffee, and is equally pleasant to the palate. **Tins, 9d., 1/6 and 3/-.**

LIQUID PREPARATIONS.

Compound Decoction of FINEST JAMAICA SARSAPARILLA

With other most approved Vegetable Blood Purifiers. Extra Strong.

The permanent remedy for blood and skin diseases. For scrofula or King's Evil, Bone Disease, Glandular and other Swellings, Sores and Abscesses, Eczema, Psoriasis, Acne, Ringworm, and all other Blood and Skin Diseases it will be found an unfailing remedy. Promotes appetite, enriches the blood, and gives tone and strength to the whole system. **Bottles, 2/6 and 5/-.**

COMPOSITION ESSENCE.

Prepared from Composition Powder by a Special Process.

It has all the properties of the powder, and will be found more convenient by many. It is an excellent substitute for alcohol, and in many cases where one might think of administering brandy, the Composition Essence will be both safer and more efficient.

Dose.—A tea-spoonful in a large wine-glassful of hot water and sugar several times a day and at bedtime. **Bottles, 1/3 and 2/6.**

CHEST SYRUP.—This well-known preparation is suitable alike for children and adults. It agrees well with the stomach and is pleasant to the taste. A few doses loosen the mucus in the throat and air passages, and bring it away easily by expectoration. The large quantity of this syrup consumed, especially during the winter season, convinces us of its superiority over all cough mixtures. **3d. per oz.**

WHOOPING COUGH SYRUP.—Most effective where the disease is persistent and paroxysms severe. **Bottles, 1/3 and 2/6.**

WILD CHERRY COUGH SYRUP.—This Syrup is particularly soothing to the mucous membranes of the throat and chest. It gives prompt relief in the hacking cough of consumption, as well as in common cold and bronchitis. Children take it readily on account of its pleasant taste, and it has the advantage of agreeing well with the stomach and improving the general health. **Bottles, 2/6.**

CHEST LINIMENT.—Where an embrocation is required for the chest this liniment is by far superior to any other. It removes the necessity for poulticing the chest in most cases, and there is no tendency to catch cold during its use. Should hot poultices be required, the previous application of the liniment greatly increases their effect. **4d. per oz.; Bottles, 1/3 and 2/3.**

TONIC ESSENCE.

This Preparation is designed to act as a General Tonic or "Pick-me-up" to the whole system.

It stimulates and vitalises the mental and physical energies, giving force to the organs, and enabling them to perform their functions properly. It cures all forms of debility, general weakness, trembling of the limbs, nervous palpitation, and all other conditions arising from a relaxed or broken-down state of the nervous system. **Bottles, 2/6 and 5/-.**

NERVINE ESSENCE.

For allaying Excessive Nervous Excitability.

It calms the nerves and removes that uncomfortable agitation which overwhelms sufferers from this complaint over the most trifling matters. In irritated conditions of the nervous system resulting from alcoholic excess, sleeplessness, uncomfortable dreams, nervous headache, epilepsy, or fits, St. Vitus Dance, and all diseases arising from an over-sensitive state of the nervous system, it will be found a most excellent remedy. **Bottles, 2/6 and 5/-.**

HEART TONIC.—This medicine contains no Digitalis or other dangerous ingredients, yet it is a powerful heart tonic, steadying the pulse and correcting the heart's action. In palpitation, pain at the heart, giddiness, fainting, and in all chronic affections of the heart it gives great relief and in many cases effects a permanent cure. **Bottles, 2/6 and 5/-.**

STOMACH CURE.

As a convenient Remedy for the various forms of Indigestion or Dyspepsia this preparation stands unrivalled.

It acts as a strong tonic to the gastric mucous membrane improving the quality of the gastric juice and regulating its secretion, while it stimulates the bowels, producing a regular and natural action. It thus completely overcomes indigestion, constipation, acidity, flatulence, waterbrash, heartburn, pain and fulness after meals, and a host of other symptoms with which dyspeptics are painfully familiar. **Bottles, 1/3, 2/6, 5/-.**

LIVER ESSENCE.—An efficient remedy for liver complaint, bile, and bilious headache, habitual costiveness, jaundice, pain in the right side, etc. When the liver becomes sluggish the complexion loses its fresh colour, the eyes appear sunken, whilst headache, drowsiness, and disinclination for work follow, and the sufferer loses interest and enjoyment in everything. A few doses of the Liver Essence will produce a marked improvement, and perseverance will restore the natural energy and cheerfulness, whilst the complexion resumes its natural healthy colour. **Bottles, 2/6 and 5/-.**

KIDNEY ESSENCE.

The kidneys are subject to frequent derangements, arising from cold, damp, indiscretion in eating and drinking. The chief symptoms accompanying those derangements are dull pains and uneasiness in the back and loins. Scanty, high-coloured, or blood-stained urine, or excessive flow of a very pale appearance, feverishness, defective vision, headache, and general weakness. The above remedy will correct this condition and prevent more serious disease, and in chronic Bright's Disease there is no safer or better remedy. **Bottles, 2/6 and 5/–.**

ANTI-SPASMODIC TINCTURE.

This is a very useful preparation to have in the house always at hand. In all sudden attacks of illness, accompanied with pain, it is a remedy of great power, and being perfectly safe to use, as it does not contain opium or other poison, it may be given fearlessly in all cases. It is an effective remedy in toothache, neuralgia, colic, cramp, stitch in the side, pain at the heart, convulsions, fits, etc. **Directions for Use:** 10 to 30 drops in warm water, sweetened, if preferred, every half-hour till relieved, then half a teaspoonful three times a day. The painful parts should also be well rubbed with the drops till a warm glow is experienced. **Bottles, 1/3 and 2/6.**

RHEUMATIC EXTRACT.—This combination of Herbal Extracts has been well tested in all forms of rheumatism affecting the joints, muscles, and nerves. It controls the pains, removes stiffness, and is the remedy par excellence for uric acid in the blood. Used in connection with the Rheumatic Liniment, there is no better or safer remedy. In chronic cases a three months' course will be found effectual. **Bottles, 2/6 and 5/–.**

RHEUMATIC DROPS.—This preparation has been in use for over half a century, and is still held in the highest esteem by all who try it. In chronic rheumatism, and particularly muscular rheumatism, it is a sovereign remedy. Pains in the back, arms and legs, shoulders and neck, sciatica, lumbago, etc., disappear quickly under its use. It is taken internally, and is also well rubbed into the affected part. As a medicine it is a first-class tonic and stimulant, purifying the blood and quickening the circulation. **Bottles, 1/3 and 2/6.**

SPERMATIC DROPS.

After trying a score of remedies, patients affected with debility have obtained a cure from the use of this medicine. It restores the lost nerve tone, and we believe it to be of all medicines the most beneficial for this complaint, and it is perfectly free from any deleterious quality. **Bottles, 5/–.**

ALTERNATIVE DROPS OR BLOOD PURIFIER.

Where there is a taint in the system (as shown by eruptive spots on the skin, ulcer on the leg, and various other symptoms resulting from poison in the blood, this blood purifier is the best remedy known. It may be continued for any length of time without injury to the system, and we regard it as a certain cure. **Bottles, 3/6.**

DIURETIC MIXTURE.

This preparation is composed of approved vegetable ingredients of the finest quality for acting on the urinary organs. **Bottles, 3/6.**

HERBAL REDUCER OR OBESITY CURE.

This compound is prepared by a special process from the sea plant Fucus Vesiculosis and other approved ingredients. With a little attention to diet and exercise, it will be found a safe and effectual remedy for excessive deposit of fat, either in the abdomen or throughout the body. Full directions given with each supply. **Bottles, 2/6 and 5/–.**

ANTI-CHOLERA TINCTURE OR DIARRHŒA DROPS.—This is a safe and reliable remedy in all cases of diarrhœa, colic, or cramp in the stomach or bowels. As a cure for British or Asiatic Cholera we believe it to be unequalled. **Bottles, 1/3 and 2/6.**

BRONCHITIS AND ASTHMATIC TINCTURE.—This is particularly suitable to elderly individuals and those in whom there is too little power to get rid of the mucus by expectoration. The tincture stimulates the membranes to expel the mucus, and, by relaxing the muscular tissues of the tubes, gives breathing power. **Dose:**—Half a tea-spoonful in warm water every hour, or, where not urgent, three or four times a day. **Bottles, 1/3 and 2/6.**

STIMULATING EYE LOTION.—Where a stronger lotion is required this preparation is suitable. It is used same as above. **Bottles, 4d., 7d., 1/-.**

RHEUMATIC LINIMENT.

When well applied this liniment will relieve pain in any part of the body. In rheumatic and gouty pains it is of the greatest value, a few applications generally giving complete relief from pain and stiffness. In lumbago or sciatica, stiff or swollen joints, the parts should be fomented with hot water for ten minutes, well dried, and the liniment thoroughly applied by rubbing it into the skin with the hand. In muscular pains and neuralgia it is very effectual, and is a good application for reducing painful or swollen glands. **Bottles, 1/3, 2/6, and 5/-.**

CAYENNE LINIMENT (Stimulating Liniment).—In all cases where a strong liniment or embrocation is required, the Cayenne Liniment will be found very powerful, causing a warm glowing heat in the part rubbed, without injuring the skin. **Bottles, 1/3 and 2/6.**

PARASITIC LINIMENT.—For the destruction and removal of every description of vermin. It is a splendid dressing for the hair and scalp of children, and the body may be freely sponged with it. Where there is a young family, the toilet arrangements are not complete without a bottle of this liniment, and, although destructive to all forms of insect life, it is free from poison and perfectly harmless to human beings. **Bottles, 4d., 7d. and 1/1.**
